

# Call for Workshops Proposals

DASFAA (Database Systems for Advanced Applications) is an annual international database conference, typically located in the Asia Pacific region, aiming at showcasing the state of the art and the broad range of activities in database-related research and development. It provides a forum for technical presentations and discussions among database researchers, developers and users from academia, business and industry.

The 22<sup>nd</sup> DASFAA conference will be held Suzhou, China, March 27-30 2017, and it continues the practice of having co-located workshops. Workshops provide a focused environment for exchanging ideas and experiences, discussing controversial issues and identifying impacts of problems – and have proven to be very vibrant events.

We invite proposals for workshops to be held in conjunction with DASFAA 2017. Proposals should include the following information:

- workshop title and acronym
- brief description about the workshop, including a list of topics
- name and contact information of the organizer(s)
- proposed duration of the workshop (half or full day)
- potential PC members for the workshop
- important dates of the workshop
- expected number of attendees
- brief introduction of the organizer(s) and his/her/their credentials

The papers accepted by any DASFAA 2017 co-located workshop will be published in a combined volume of Lecture Notes in Computer Science series published by Springer, and indexed by both LNCS and DBLP. All workshops will benefit from the registration process of DASFAA 2017 (there will be a single registration for conferences, workshops and tutorials).

The workshop organizer(s) will be responsible for advertising the workshop, ensuring the quality of the review process and the final selection of accepted papers.

Proposals and enquiries should be sent as email attachments to: [goce@eecs.northwestern.edu](mailto:goce@eecs.northwestern.edu) and [zhifeng.bao@rmit.edu.au](mailto:zhifeng.bao@rmit.edu.au)

Please make sure that the subject-field of your email is: DASFAA 2017Workshop Proposal.

Important Dates:

**Workshop proposal due:**

November 4, 2016

**Acceptance notification:**

November 10, 2016

Workshop Co-Chairs:

Goce Trajcevski (Northwestern University)

Zhifeng Bao (RMIT)
